Education

Maastricht University

Maastricht, NL

Sep 2025- present

- Research Master's degree in Economics and Finance. GPA: 8/10

Alma Mater Studiorum – University of Bologna

Bologna, Italy

Sep 2022-Jul 2025

- Bachelor's degree in Economics, Politics and Social Sciences. GPA: 28.7/30
- Graduation date: 24/07/2025. Final grade: 110 cum laude/110

Technological University Dublin (TUD)

Dublin, Ireland

Jan 2024 – May 2024

- Erasmus Program Semester on Business Administration and Marketing. GPA: 82/100

Selected Research Projects

- Reassessing the ARRA Employment Multiplier: A Continuous Treatment Approach – Panel Data Econometrics, 9.5/10, Maastricht University
 - Reassessed the American Recovery and Reinvestment Act's employment multiplier utilizing a harmonized state-level panel dataset spanning 2007–2011.
 - Transitioned from baseline IV cross-sectional estimations to dynamic panel techniques by implementing the novel Callaway-Goodman-Bacon-Sant'Anna (CGBS) continuous treatment DiD estimator.
 - Quantified heterogeneous, time-compounding employment effects across dosage cohorts to compute standardized cost-per-job multipliers.
- Revaluation of “The China Syndrome (Autor et al.)” – Empirical Econometrics I, 8.5/10, Maastricht University
 - Fully replicated the original identification strategy and converted 1,500+ lines of STATA code into R.
 - Critically assessed instrument relevance (F-statistics > 100) and exogeneity assumptions underlying the shift-share design.
 - Extended the empirical specification with five additional models to evaluate potential omitted variable bias, lag structure choices, and fixed-effects design.
 - Reassessed statistical inference using clustered and exposure-robust standard errors (Borusyak et al., 2022) to evaluate inferential validity in modern trade literature.
- A Study in Banking Competition: Illinois Banking Market (1984–2020) – Financial Markets and Intermediaries, 8/10, Maastricht University
 - Evaluated the evolution of market power using Empirical Industrial Organization (EIO) frameworks on a panel dataset of 113,000+ FDIC Call Reports.
 - Estimated demand elasticity via 2SLS Instrumental Variables and calculated mark-up Lerner Indices utilizing Average Variable Cost accounting proxies
 - Applied Two-Way Fixed Effects (TWFE) and critical mass thresholds to identify spatial divergence (Urban vs. Rural) in rent extraction across four distinct regulatory eras.
- West Germany Postwar Growth: Human Capital & Immigration – Macroeconomics I, 8.5/10, Maastricht University
 - Constructed a harmonized historical dataset from 11 archival time series to analyse drivers of the Wirtschaftswunder.
 - Developed and calibrated five alternative growth-accounting frameworks beyond the baseline Cobb–Douglas specification.
 - Implemented modern calibration procedures in Julia (1,000+ lines) to infer latent investment, human capital, and migration dynamics not directly observed in available data.
- Additional quantitative project realized during bachelor's degree in Bologna:
 - “In-depth Analysis on best Master of Science in Management worldwide” – Big Data in Social Sciences
 - “Investigating the Correlation between Tertiary Education and Life Expectancy” – Programming Lab II
 - “Flight Fares Price Variations” – Programming Lab I

Technical Skills

- Statistical Software:
 - R (Advanced – Quarto, tidyverse , dplyr, AER, lmtest, sandwich, factoextra, ggplot2, modelsummary)
 - STATA (Medium – panel data analysis, IV estimation)
- Programming Languages
 - C++ (Medium)
 - Julia & PlutoNotebook (Medium)
 - Python (Basic)

Professional Experience

Fradiavolo Pizzeria Team Leader, 24 hours per week	Bologna, Italy Nov 2024-Jul2025
• Working as a supporting manager for a team of over 20 people • Building customer care and improving online rating from 3.3 to 3.9 on Google • Managing cash flows, payments and deposits for nearly €2000 every day • Coordinating daily food supply orders • Scheduling shifts	
Roadhouse Steakhouse & Fradiavolo Pizzeria Waiter, 20 hours per week	Bologna, Italy Feb 2023-Jan 2024 Aug 2024-Nov 2024
• Serving of food and drinks • Taking orders and coordinating the work between the floor and the kitchen • Building and improving relationships with the customer	
Primark Warehouse Operator, 18 hours per week	Bologna, Italy Aug 2022 - Dec 2023
• Execution of the assigned warehouse operations in coordination with other departments of the shop. • Collaborating for the maintenance of a warehouse counting more than 10,000 products • Daily updating of the inventory systems and processing of incoming orders	

Leadership & Volunteering

- Volunteer – Wadi Rum Tourist Camp, Jordan (2023), Bacho Catholic Clinic, Ethiopia (2017), Siuyu Children’s Rehabilitation Centre, Tanzania (2015)
 - Contributed to community development initiatives, including healthcare facility support and assistance for children in vulnerable conditions.
 - Contributed to the development of a desert tourist camp by providing infrastructural and marketing support.
- Associate Member of Negotiation Project Maastricht 2025/2026

Skills & Certifications

- Language: Italian (native speaker), English (full-working proficiency), Spanish (basic level proficiency)
- Certifications: Customer NextGen Certificate (Italian Private Banking Association (2024), HACCP Certification for food operators (AISiLIA, 2024), Worker Safety in low-risk Activities (AISiLIA, 2024)
